4500- Till May 20th
5000- After May 20th

ENDO 2022: WHAT'S NEW & WHAT'S TRUE

Endodontics today is revolutionized with the advent of newer technologies and bio-materials. The plethora of choices makes it difficult for a clinician to choose the right protocols. This evidence-based workshop would provide a clinical work flow that would improve both efficiency and outcomes of routine endodontic therapy. A step wise demonstration from access opening in challenging cases, attaining canalpatency in calcified and curved canals and optimizing shaping & disinfection protocols followed by obturation & post endodontic build-ups would be elaborated in this one-day master class workshop

Adjunct Professor, Sri Ramachandra Dental College & Hospital, Chennai. Secretary, International Federation of Endodontic Associations. General Secretary, Indian Endodontic Society, General Secretary, Indian Board of Endodontics. Associate Editor - European Endodontic Journal. Founder - Director, Root Canal Foundation

PROF. DR. V. GOPI KRISHNA, BDS, MDS, PhD
